

Activities Committee Notes

4/3/25

The activities committee met to discuss the topic of what the standard colors are for uniforms that are ordered for C-I sports teams.

The standard color for C-I athletes should (most) always be maroon and white. Maroon and white are listed as the official school colors for C-I on the MSHSL Website.

However, the committee did indicate that there would be support for alternative shades, from time-to-time, which may include black and or grey.

The rationale is that there is already Ranger apparel available in grey shades and black shades, with the Ranger logo displayed.

It was understood during the meeting that avoidance of alternative primary colors such as Red or Blue really should be the practice within the activities department, since those colors do not align with the C-I Ranger theme or tradition.

It was also understood that the C-I Dance Team often wears custom outfits that align with their routine/s each year. The expectation for the Dance Team to wear maroon and white uniforms each year is unrealistic.

Moving forward, it is likely that the volleyball team will have part of their uniform be a shade of black in the fall of 2025.

Nickname: Rangers

School Colors: Maroon and White Nickname: Rangers
