

Superintendent and Board 2023 Goal Retreat

Background:

Many school boards focus across four sets of goals and try to seek alignment among the different levels of goals:

- a) **District Goals-** Goals for the overall district;
- b) **Board Goals-** These are specific to the board team and its governance;
- c) **Superintendent Goals-** These allow for a clear understanding of expectations for the superintendent's next evaluation; and
- d) **Building Goals-** Individual sites may have goals specific to their sites that relate back to district's goals.

Recommended Action:

I recommend that the board set a date for the retreat.
