

Minidoka County School District
Approve RFP for Warehouse Freezer Box
May 21, 2018

Minidoka District Board Members, Dr. Cox,

We published the RFP for the freezer box at the warehouse and received two proposals back on May 11, 2018. We had one company that withdrew their bid the morning on May11, 2018.

Received RFPs;

- \$43,525.50 - BS&R Equipment
- \$46,200.00 – Bargreen Ellington Food service

Request Approval;

- We would recommend that BS&R Equipment be awarded the bid for the warehouse freezer box and installation of box. This will add space for us to be able to buy frozen items by the pallet which will save us money throughout the year. It will also allow us to empty out the existing freezer box so that they can be dried out and repaired.

Thank You,

Russ Taylor

Food Service Director
