Subject: 1A Vball Regional Updates

To All,

This Regional tournament has been a total success.

See attached pictures of senior recognition and small video of PHO doing a little dance before hitting the court.

Point Hope is already in the Championship game and they will play the winner of KAK & AKP tonight at 6:00pm followed by an award ceremony and a dance.

The announcer that flew down with me from Barrow B.A. Aiken has really made this tournament pop with his outstanding announcing skills and the music he plays. You can see people in the whole gym dancing to the tunes and it is awesome. I have received multiple compliments regarding his awesome talent from the whole community. In addition, he will be DJ a dance for the students after the award ceremony tonight.

The officiating has been awesome thanks to Fairbanks Referee Association Tina-Cox Cole & Roxanne Montana who was selected to ref 3A State which is a huge honor I feel blessed to have quality refs at our tournament. In addition, they provided candy leis to all the Seniors.

This weekend has been so rewarding and I would like to thank the NSBSD for offering these types of opportunities for our students across the slope.

Special Thanks

NSBSD
