RE: Fall Housing 2014

Each year school districts must report to ISBE the number of students enrolled as of the last day in September.

Beginning with the 2008-2009 school year, the school-level fall enrollment counts are based on enrollment and exit dates reported for individual students in the ISBE Student Information System (SIS).

Attached are the Fall Housing Figures for 2014-15 and 2013-14. Our low income percentage for 2014-15 is 20.5%. That is a 4.1% decrease from last year.

Schools listed in green are Title 1 schools. District 97 Title 1 schools are identified as elementary schools that have a percentage of low income students that is higher than the district average. Please note that for 2014-15, Holmes and Longfellow retain their Title 1 standing under "grandfathering status". For the 2014-15 school year, Hatch will no longer meet the qualifications to remain a Title I school. For the second year in a row, the low income status at Hatch is lower than the district average.
