Your school, NELLIE MAE GLASS ELEMENTARY, is one of 200 schools throughout Texas selected to be part of a statewide sample for the 2018 Texas Youth Tobacco Survey. The Texas Youth Tobacco Survey is sponsored by DSHS and conducted by the Public Policy Research Institute (PPRI) at Texas A&M University. PPRI also conducts the Texas School Survey which you may be familiar with.

The sample of students for the Texas Youth Tobacco School Survey is designed to be a random sample of all public school students between the sixth and twelfth grades in the state of Texas. It is estimated that 15,000 students will participate in the 2018 Texas Youth Tobacco Survey. Because only a random selection of schools are chosen to participate, it is very important that those included in the statewide sample participate in the Texas Youth Tobacco Survey in order for results to be as accurate as possible.

NELLIE MAE GLASS ELEMENTARY has been selected to be a part of the statewide sample and will receive:

- All survey materials (may select paper/pencil or online version) at no cost
- A \$300 payment upon return of completed surveys to compensate for the time and effort involved in survey administration
- A copy of the full Statewide report

To sign up, either email or fax the completed Basic Participation Form provided in the packet to PPRI. Once this form is received, you will receive confirmation of your intent to participate. PPRI will assist school districts with choosing a random sample of classrooms in grades six through twelve. Surveys should be administered between December 2017 and May 2018 and returned to PPRI by June 6, 2018.

Please note this survey would be great for your School Health Advisory Council (SHAC) as this survey would count as a SHAC activity and certainly worthy of mention in your mandated annual board report.

****If you have any questions, or need more information, please contact Shannon Peairson at (979) 862-3437, or via email at txschoolssurvey@ppri.tamu.edu.**

Best Regards,

Shannon Peairson
Texas Youth Tobacco Survey Coordinator
