

2024-2025

|                  |  |                 |                                 |
|------------------|--|-----------------|---------------------------------|
| <b>Club Name</b> | <b>SHRED club: Students Reaching Every Dream</b>   | <b>Sponsors</b> | Kayla Jeckell and Nicholas Rink |
|                  | <hr/> an extreme sports club (skateboarding, rollerblading, skiing, snowboarding, scootering..etc) <hr/> |                 | <hr/>                           |

**Club Goals:**

SHRED club will have students make individual goals in relation to skating, school and sports.. but many goals will include:

Connecting to community: Extreme Sports have been in indigenous cultures throughout the world. Students here will be able to connect to the skatepark and continue building a positive skate community here in Browning. Encouraging physical activity:

Extreme sports are a great way to get students moving and improve their balance, coordination, and strength.

Promoting healthy lifestyles: Extreme sports can help students adopt healthy habits early in life.

Building self-confidence: Extreme sports can help students build confidence and resilience.

Developing social skills: Extreme sports can help students learn to work with others, share ideas, and take responsibility.

Developing 21st-century skills: Extreme sports can help students learn to stay with challenges, think creatively, and solve problems.

Creating a welcoming environment: Extreme sports clubs can create a supportive environment that's open to everyone.

Promoting respect: Extreme sports clubs can promote respect for diversity, equity, and inclusion.

Raising the profile of sports: Extreme sports can help raise the profile of sports and PE in the school.

**Proposed Meeting Dates**

Starting when the snow is gone from the MS and HS parking lots, and when the snow is gone from the walking park and skate park

Next year, the goal will be skate park things in the warm/spring months and then skimo/snowboarding in the winter at Teton, which I will fundraise for.

**Summary of Proposed Club Activities:**

Students will be learning the basics and fundamentals of skating, rollerblading or scootering (their choice)

Club sponsor will provide some boards for kids to use, but I am hoping to fundraise to get kids their own gear.

Kids will be utilizing the middle school parking lot to learn basics, then we will go utilize the skate park when it is free of snow to practice skills

Kids will be working with local Skate organizations to expand the skatepark, - Jeff Ament

All sponsors must keep sign-in sheets for ALL meetings and sign-in sheets will include the date of the meeting and SIGNATURES of STUDENTS attending. These sign-in sheets will be turned in at the end of the year prior to receiving the stipend.
