

## **Unity School District - Board of Education**

### **Board Policy 463**

#### **District Trophy Collection Plan**

**Last Revised 9/11/2018**

#### Guidelines for district trophy displays:

1. State, regional, and sectional awards; and conference championships will remain on permanent display.
2. Area, regional, and conference awards other than championships will remain on intermediate display (as space allows, two (2) years or more).
3. Non-varsity recognition will remain on short-term display (current school year).

Display areas will also be made available for recognition of students in the area of fine arts, career and technical education contests, scholarships, and traditional athletic awards at the discretion of the District. Also, there will be a display wall set aside for historical awards from before the creation of Unity School District.

When the display time for trophies has expired, the awards will be managed in one of three ways:

**A process for dissemination shall be designed and implemented by the High School Principal.**

1. They will be donated to a local museum.
2. They will be donated to a member of the winning team.
3. They will be donated to a local establishment.
