

Strategic Planning

The School Board's Annual Agenda schedules school board governance education in July. Possible presentations/topics include a futurist, demographer, technology, advocacy groups, staff, MSBA etc. Last year, the school board heard from Greg Vandal about goal setting. It would be appropriate for the board to select a topic so that arrangements can be made for the July (or August meeting).

The next step toward establishing goals for the 2013-14 school year is to organize the 2012 stakeholder input into Exit Outcome Areas (see below). We will complete this task during the meeting.

Becker School Board

June, 2011

Exit Outcomes

- Students will become self-directed learners, self-disciplined, and autonomous workers, while being critical thinkers with a drive for innovation and problem solving.
- Students will demonstrate proficiency of core academic standards by meeting or exceeding developmentally appropriate benchmarks for academic competency.
- Students will have the opportunity to pursue expertise in areas of personal academic or career interest.
- Students will effectively collaborate and communicate using an array of media.
- Students will demonstrate the ability to effectively apply life skills.
- Students will effectively use technology to function in a knowledge economy.
- The district will properly maintain up-to-date school environments where students are physically and emotionally safe and secure.
- The district will maintain the financial integrity of the school district.
