

# Terrell Independent School District

## Executive Summary Report

Date	District Guiding Pillar	Agenda Item #
September 21, 2020	Expect staff to deliver and students to engage in rigorous learning for high student achievement	

### Agenda Item: Consider Approval of Innovative Courses for Special Education High School Students

#### Summary:

The purpose of this item is to approve special education innovative courses for high school students. With Board approval they could be added to the Terrell High School Course Guide for 2020-2021.

The recommended innovative courses would assist students working in alternative curriculum to receive required state credits in earning a high school diploma. At present this population does not have many choices of state approved course options that are appropriate to meet their unique needs.
