

Executive Summary

Prepared for Board of Trustees Meeting

March 2, 2021

TASB Policy Update 116

Purpose of Report

TASB Policy Update 116 focuses on updating and reorganizing policies throughout the Board Policy Manual. Specifically, CQB grants the Superintendent the authority to determine and verify the District's cybersecurity training program. In the DC series of the policy manual, employee appeals are addressed. FFAC has been revised on the subject of medical treatment and medication provided to students. GKA simply clarifies the measure of time for filing complaints when appealing an ejection or exclusion from school premises decision.

In addition to these local changes, Update 116 includes several other legal policies affected by legislation from the 86th Legislative Session that were not included in Update 115 and incorporates numerous changes from the revised Administrative Code rules that impose changes effective with the 2020-2021 school year.

Update 116 contains revisions to 34 legal policies, 5 local policies, and 1 exhibit.

Operational Impact

These policies guide the District's operation and protect the rights of employees and students. Careful consideration should be given to each policy.

Results

Over the next several weeks, a first and second reading of these policies will be held. Policies will be adopted at the second reading.
