From: Tim Thomas, Superintendent

According to Idaho Statute (33-1502) Bus Routes – Non transportation zones:

“The board of trustees of each school district may establish and alter, bus routes and establish, and alter, non-transportation zones. Such routes and zones shall be determined for each year not later than the regular August meeting of the board; but nothing herein shall be construed as limiting the board in altering such routes or zones when change in the conditions of the roads, or in the number of pupils being transported would justify such alteration.”

According to the State Department of Education – “Each applying district will annually affirm that conditions of all prior approved safety busing requests are unchanged. The local board of trustees shall annually, by official action (33-1502, Idaho Code), approve all new safety busing locations and re-evaluate all safety busing sites at intervals of at least every three years. To qualify for reimbursement, the local school board will, by official action, approve the safety busing request and allow the students in question to be transported before the application is sent to the state.”

Administration is asking the board for approval of this year’s bus routes and State Department of Education safety busing routes for application and reimbursement.
