K12 Public Education Budget Impact (description below)
Evergreen Room (2nd Floor)

* Time or location may change slightly to accommodate Committee's agenda.

Advocacy 101

About this Workshop:

Learn how the resolutions passed at the Business Session form the ISBA platform and how the platform is turned into legislation. We will look at the legislative platform of the ISBA that has been established at the last two conventions and what form they are taking this year on the Hill. We will learn how to form talking points that reflect reality in your school district and how to share these with your local legislators. This workshop will be presented by Jessica Harrison, ISBA Policy & Governmental Affairs Director and Misty Swanson, ISBA Associate Executive Director.

Advanced Advocacy

About this Workshop:

The Advanced Advocacy workshop is a panel discussion on the Legislative platform of the ISBA established at the last two conventions and what form they are taking this year on the Hill. We will also be discussing current education legislation in depth. This workshop is developed for those attendees who are very experienced with legislative matters and have contacted legislators in the past regarding a variety of legislative issues. This workshop will be presented by Karen Echeverria, ISBA Executive Director.

K12 Public Education Budget Impact

About this Workshop:

Fiscal responsibility is a major component of good school board governance. This workshop will discuss Superintendent Ybarra's budget, what's currently happening in the Joint Finance and Appropriations Committee, and a panel will share their wisdom on how the State's public schools budget impacts your local budgets. This workshop will be presented by Karen Echeverria, ISBA Executive Director and the State Department of Education. There is a \$50 fee for this workshop, but it also qualifies for State reimbursement.
