

Sand

Blind Mount

Recommended for most applications. Can be used for almost any mounting surface including hollow and solid walls. The plaque is drilled and tapped on the back to receive threaded studs that are not visible from the front. Secure with construction grade adhesive.

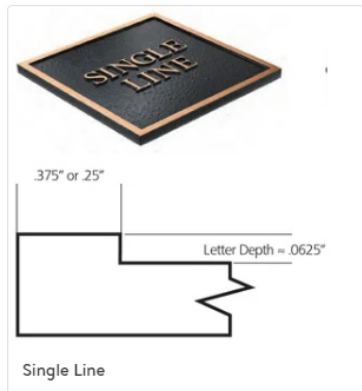

- Manufacturing starts after artwork is approved
- Digital artwork will be emailed within 2 business days
- 1/4" or 5/16" thick plaque
- Low cost alternative to cast
- Extreme detail, great for small plaques

Lifetime Guarantee

Outdoor Rated

Raw materials melted and reused. Lead and mercury-free alloys.

Made in the USA

Brushed

A brushed metal finish is standard.
