**SUGGESTED SCHOOL BOARD ACTION:**

Approval recommended.

**DESCRIPTION:**

The K-5 Report Card Task Force has developed recommended changes to the attached elementary report cards. Following the April 10 board workshop, a slight revision was made to the Grade 3 report card to reflect cursive instruction rather than handwriting. No other revisions have been made since the April 10 board workshop.

The revised report cards more accurately reflect student learning and follow a standards-based reporting format.
