

Site Report – LAK – March 2025

To: Superintendent Kasie Luke
and LPSD School Board Members

From: Melody Schilke, Principal

Photos & Description of Activities and Events

Student Government hosted movie night: Moana 2 and Amy Shemua: Conner Cook's Student Teacher Mentor, came for a visit and we got to take her to a beautiful spot at Chignik Lake. She was welcomed by all.

Personnel Update

Diana Hejtmanek: Secondary Teacher

Sonya Shelley: Elementary Teacher/Night Gym

Nina Garner: Secretary, Classroom Aide, Preschool Aide

Natalie Lind: Custodian

Clinton Boskofsky: Temporary Maintenance

We are glad to welcome Melody Trefon as our new and much needed additional Classroom and P.E. aide.

Classroom Highlights

Ms. Hejtmanek created a class essay contest with her secondary students. The stories they created were quite unique and got the students excited about writing. Courtney B. came in first place, Shay S. in second, and Aaryan S. in third. In the elementary classroom, all students completed their end of math levels and they are ready to move onto the next level! Way to go Sonya Shelley's class. The Amplify Reading Intervention system is helping our youngest readers make gains and get closer to on level reading. All levels are working diligently to get their last bits of learning before taking their AKSTAR and SCIENCE assessments. Melody Trefon is working in the afternoons and has quickly become a valuable addition to Chignik Lake learning.

LSAC Activity

LSAC is working diligently to bring in the rest of the year to a successful finish, while looking ahead to what we can do for our students next year. The community's LSAC has rallied together for our fundraiser to help raise money for our middle school students to attend SNAP. Our members are Marty Takak: President, Miranda Lind: Vice President, Natalie Lind: Secretary, Nina Garner: Member, and Mary Isaac: Member.

Community Engagement

Student Government hosted game night, cake walk, student store, and a tv raffle to raise money for SNAP. LSAC came out in full force and supported our students by making cakes, donating money, and even offering a Spaghetti Dinner to raise money. Mary Isaac is sponsoring the Spaghetti Feed Event.

Professional Development

Professional Development for the Reads Act is still continuing with Moon McCarley facilitating. Nina Garner has completed her necessary training for preschool and even went to Anchorage to receive additional training. She said she learned a lot about educating our littlest of learners.

Pupil % Attendance K-12

Attendance for the Lake was 82%

Student and Staff Safety

Just making sure students are Bear Aware. The bears have started to wake up.

Other

Our students competed in the Lego Robotics Challenge Oceans Event on Saturday, March 28th. I am happy to report that Chignik Lake came in First Place Overall and First for our Robotic Missions! They had a blast and we are so thankful for FIRST donating the lego set this year, so we could participate. Way to go Wolves.
