Total				\$ 10,254.85		
GMSN	Choir	1	^A The GMSN Choir would like to request purchase of an iPad, tripod, and case to be used at all three grade levels at GMSN. This purchase would benefit nearly two hundred students, and allow us to easily make informal, high quality musical recordings of student progress of entire choirs and individual students. It would also allow us to upgrade the quality of our concert recordings. Choir concerts are currently recorded using a school-owned video camera that was purchased by the District in 2007. The iPad and accessories will be purchased on Amazon. The eighth generation, 32 Gig iPad costs \$319.99, along with a PEYOU tripod costing \$22.99 and a Rantice case costing \$16.99. The grand total cost would be \$359.97. Thank you for your consideration.			
GMSN	Orchestra	2	^B The wish list item for this year for the Geneva Middle School North orchestra program is a Pietro Germino full size violin. The cost is \$1,100 from Quinlan and Fabish Music Company. This will be a teaching violin for me to use on a daily basis in all my orchestra rehearsals. I typically demonstrate concepts and music passages on a regular basis, but the amount I am playing along with the students this year due to the hybrid schedule and smaller class sizes has increased greatly. This new violin would be of great use to me in my teaching every day and students will benefit from it too. Thank you for your consideration.

Approved Music Program Wish List
School Year 2020-2021

School	Music Program	Priority	Description	Cost	Date Approved	Date Paid
GMSS	Band	1	^C We currently own three of this size tuba at South. We are hoping to eventually own six of these instruments. It is a smaller version of the tuba that better fits the size of 6th/7th grade students. This is not an instrument that is practical to rent for students with a monthly cost of over \$100. Consequently, because of the cost, it becomes difficult to have it be a part of the band unless we have school instruments available for student use. Because of its size, it is not practical for students to take it back and forth. For each student we start, we need to have two tubas, one for home and one for school. This additional tuba would allow us to start two students each year on this smaller size tuba. Currently when we have multiple students that want to start on tuba, we have to start some on a full-size instrument which can be really difficult for them to manage.			
Harrison	General Music	1	^D If you are unable to purchase 3, even 1 or 2 would be appreciated :) Thank you! P.S. We were able to get them for a discount at \$48 instead of the list price. We have already purchased 9 through the school budget and our generous PTO :) We are aiming for a set of 12, which would cover all in-person classes in this hybrid schedule. These amazing little pianos can be used to teach all kinds of musical skills and are easily sanitized for use during this pandemic. Thank you! https://www.musicarts.com/yamaha-pss-f30-mini-keyboard-main0482087			
Mill Creek	General Music	1	^E This modular synth teaches music through technology & sound engineering.			
Williamsburg	General Music	1	^F They can be used to play on multiple surfaces and are easy to disinfect. \$12 per pair and free shipping on orders over \$200
