

We, the members of the combined Meet and Confer Team for the 2014-2015 fiscal year, have met and conferred and recommend the following compensation package for certificated, support and professional/non-teaching employees of the Amphitheater Unified School District.

1. Create a 1.4% step movement on new parallel salary schedules. Leave Step "A" and the top step alone.
2. The top step receives a one time (1.4%) increase/stipend.
3. Maintain current district support for fringe benefits, but require a minimum of 30 hours for benefits eligibility for all staff.
4. Develop and execute communication strategies to increase public awareness of the financial crisis facing public education in Arizona.
5. If new monies are received that can be used for compensation, the Meet and Confer teams will reconvene.

DATED this 6th day of March, 2014.
