UNITED INDEPENDENT SCHOOL DISTRICT AGENDA ACTION ITEM

TOPIC Approval of Requests from Pat Campos for Use of Board of Trustees
Discretionary Funds for Matias De Llano for \$12,988 and Borchers Elementary for \$10,552

SUBMITTED BY: Pat Campos **OF:** Board Member

APPROVED FOR TRANSMITTAL TO SCHOOL BOARD: _____

DATE ASSIGNED FOR BOARD CONSIDERATION: May 19, 2010

RECOMMENDATION:

It is recommended that the United ISD Board of Trustees Approve Requests from Pat Campos for Use of Board of Trustees Discretionary Funds for Matias De Llano for \$12,988 and Borchers Elementary for \$10,552.

RATIONALE:

BUDGETARY INFORMATION

BOARD POLICY REFERENCE AND COMPLIANCE:

Exhibit A

**United Independent School District
Board of Trustees Discretionary Funds Request Form
Fiscal Year 2009-2010**

Requesting Campus: Charles Borchers Elementary School

Campus Principal: Dionorah Wickstrom

Board Member: Judd Gilpin (requesting funds from Pat Campos)
Board Member:

Description of Request: See Attachment

Estimated Cost of Request 10,552.00

Principal Signature: Dionorah Wickstrom **Date** 8/3/09

Board Member Approval: Yes No

Board Member Signature: Pat Campos **Date** 5/7/10
as per Pat Campos

Board Member Signature: _____ **Date** _____

Superintendent Signature: _____ **Date** _____

Board Approval: Yes No **Date Approved:** _____

Please return the completed form to the Superintendent's Office for final processing.

Exhibit A

**United Independent School District
Board of Trustees Discretionary Funds Request Form
Fiscal Year 2009-2010**

Requesting Campus: Matias De Llano, Jr. Elementary School

Campus Principal: Maria Elva Campos

Board Member: Mr. Judd Gilpin (requesting funds from Ms. Pat Campos)

Board Member: _____

Description of Request:

Our campus presently has the Accelerated Reader Program which was purchased approximately 12 years ago. This version is outdated, and it does not contain tests for many of the new books in our library; therefore, we are hoping to acquire a newer version which would also allow parents to monitor their children's progress from their homes. The additional programs we are requesting would assist us in providing our students with interventions which are a requirement under RTI. AR has been very beneficial in encouraging our students to read; we want to continue motivating our children as well as to provide them with the necessary interventions to help them be successful.

Estimated Cost of Request \$12,987.96

Principal Signature: Maria Elva Campos **Date** 5/4/10

Board Member Approval: Yes _____ No _____

Board Member Signature: Pat Campos **Date** 5/7/10
as per Pat Campos

Board Member Signature: _____ **Date** _____

Superintendent Signature: _____ **Date** _____

Board Approval: Yes _____ No _____ **Date Approved:** _____

Renaissance Place Real Time

TECHNICAL RECOMMENDATIONS

This document covers Renaissance Place Real Time client workstation requirements.

- Throughout this document, you will see both Minimum and Recommended requirements. Please follow the Recommended requirements for optimal performance.
- Please provide a copy of this document to your school administrator or technical representative for review.
- Renaissance Place Real Time is an integrated, Web-based information system. As a result, accessing your Renaissance Place Real Time applications is done in the same way you open an Internet Web site.
- Renaissance Learning maintains a Knowledge Base of helpful articles at <http://support.renlearn.com>.
- Starting January 1, 2010, future updates of Renaissance Place will not be supporting the following technologies (updated requirements are reflected in the table below):
 - **Operating Systems:** Windows 98, Windows ME, Mac OS 9.x, and Mac OS 10.2.8.
 - **Browsers:** Internet Explorer 5, Firefox 1.x, and Safari 1.x.
 - **Plug-Ins and Third-Party Applications:** Adobe Reader 5.x and 6.x, Flash 7.x and 8.x.

Client Workstation Recommendation

Client	Windows		Macintosh	
	Recommended	Minimum	Recommended	Minimum
Web Browser	Internet Explorer 7.x–8.x or Firefox 2.x	Internet Explorer 6.02	Safari 3.x or Firefox 2.x	Safari 2.0.3
Processor Recommendation	1 Ghz Pentium or higher	300-MHz Pentium	1 Ghz Power PC or higher	350-MHz Power PC
Operating System ^a	Windows XP or Vista	Windows 2000	System 10.4–10.5 ^b	System 10.3.9
RAM	1 GB Installed	512 MB Installed	1 GB Installed	512 MB Installed
Monitor	1024 × 768 display resolution, thousands of colors	800 × 600 display resolution, 256 or more colors	1024 × 768 display resolution, thousands of colors	800 × 600 display resolution, 256 or more colors
Hard Drive	250 MB Available		250 MB Available	
Components	Other Components: Adobe Acrobat Reader 7 or later ^c Flash 9.0 or later ^c RLI Print Plugin		Other Components: Adobe Acrobat Reader 7 or later ^c Apple CarbonLib 1.5 ^c Flash 9.0 or later ^c RLI Print Plugin	
Printer	Required		Required	
Internet Connection	Broadband Internet Connection (DSL, Satellite, or Cable)		Broadband Internet Connection (DSL, Satellite, or Cable)	

a. RLI does not support 64-bit versions of any workstation operating system.

b. Fluent Reader is not compatible with Intel-based Macintosh System 10.4.x or 10.5.x.

c. You must meet the minimum requirements for your operating systems. Newly released versions of these components may or may not be compatible.

Additional Client Requirements and Recommendations

- ActiveX needs to be installed and allowed on all computers.
- Depending on which Renaissance Place Real Time applications will be used, there are a number of client applications/plugins that are required. They include Adobe Reader, Adobe Flash, Adobe Shockwave Player, Microsoft .NET Framework version 2.0, QuickTime, and the Renlearn Print Plug-In. The AccelScan application is required to score Accelerated Math assignments using the scanner. Fluent Reader Student must be installed on all computers where students will use that program. Renaissance Responder Scoring Software must be installed on teachers' computers if the teachers are using the 2Know! classroom response system with Accelerated Math. All client applications/plugins should be installed as a local administrator to the workstation. Enter <http://support.renlearn.com/techkb/techkb/6086551e.asp> to download the "Client components for Renaissance Place" chart in .pdf format.
- If using a proxy and/or content filter, some changes may need to be made for Renaissance Place Real Time applications to function properly. Numerous errors will occur in the software if the proxy server caches Renaissance Place Real Time Web pages. Accessing the site via HTTPS may prevent the proxy from caching pages, however you may want to configure your network so that users bypass the proxy server entirely when accessing Renaissance Place Real Time. If the proxy requires users to authenticate to access sites outside of the local network, Fluent Reader Student will be unable to connect to the server since applications that use the Microsoft .NET Framework run in the security context of a local user account. Fluent Reader and STAR Early Literacy require students to download MP3 files from Renaissance Place Real Time; if you use content filtering be sure to allow this type of activity.
- If pop-up blockers have been installed on the workstations, you will need to either disable or uninstall your pop-up blocker, or allow pop-ups from your Renaissance Place Real Time Web site. See Knowledge Base article #4751376 <http://support.renlearn.com/techkb/techkb/4751376e.asp> for more information.
- Verify you have adequate bandwidth to support task usage estimates in Knowledge Base article #3943285 <http://support.renlearn.com/techkb/techkb/3943285e.asp>.

As technology advances it becomes necessary for software companies to drop support for older operating systems and third-party software. It is the responsibility of customers to keep their computers, networks, operating systems, and third-party software up-to-date and functional. Although Renaissance Learning will not discontinue support for older products immediately, we will continue to evaluate system requirements and do our best to provide advance notice when it becomes necessary to raise our requirements. The recommended technologies included in this document were defined at the time this product was developed. We will do our best to support new technologies that ship after this product was developed, but cannot recommend those. For the most up-to-date system requirements, please check online at <http://www.renlearn.com/requirements>.

If you have any technical questions about Renaissance Place Real Time, call (800) 338-4204.

Renaissance Place™ Setup Assistant

RP Assistant is at your service to help speed you through the Renaissance Place setup. Use this guide to check off each step along the way, and refer to this handy tool when working with your Renaissance Place Coordinator (RPC).

Step 1 Preliminary Setup

Your RP order is placed with your Sales Rep. Please note his/her name and contact info below for quick reference.

Sales Rep Name _____

Contact Information _____

Part 1: Forms. Please sign and return the following forms.

Quote

Purchase Order

Hosting Agreement (if applicable)

Part 2: Introductions. Meet your RPC.

Begin system preparation; your RPC will contact you via phone or email.

RPC Name _____

Contact Information _____

Other Contacts _____

Note: If training has been purchased, your Professional Development Planner will contact you via phone or email. You can also reach your Planner at (866) 559-4868.

Step 2 Installation Preparation

 Discuss objectives and learn about the installation and setup process with your RPC.

 Plan your installation (Step 3) and data strategy (Step 4) with your RPC.

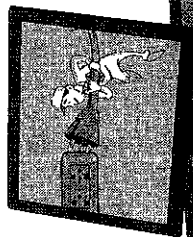

Step 3 Installation Options

Your RPC will work with you to make arrangements for one of the following types of installations.

 Hosted: Renaissance Learning provides a server for you at its location.

 Remote installation: Tech Support Rep installs the RP system remotely on a server at your location; System Requirements can be viewed at <http://www.renlearn.com/Requirements>.

 Other

Step 4 Software Setup

Step 4 Software Setup

Your RPC will work with you to make arrangements for at least one of the following types of data setup. Depending on your data strategy, your RPC may refer you to a technical contact. If applicable, you will be involved in ensuring your data is transferred correctly.

Part 1: Data Strategy. (Select at least one.)

- Manually enter data: Key data into your new RP system.
- Renaissance™ Data Integrator: Link RP to your Student Information System.
- Transfer data from desktop: Move all of your data from existing Renaissance Learning™ desktop applications.
- Renaissance Data Translator: Import a text file into your new RP system.

Part 2: Software Setup.

- Install client applications.
- Work with RPC to ensure setup of the following:
 - Courses and classes
 - Students
 - Accelerated Math™ (if applicable)

RPC verifies with you:

- RP system is set up
- Student use of RP system

Part 3: Renaissance Training Center.

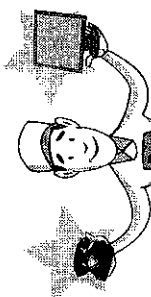

- Visit Renaissance Training Center at <http://www.renlearn.com/RenU/> and sign up for your individual account. Contact your RPC for assistance.

Step 5 Professional Development

Step 5 Professional Development

Step 6 Customer Support

- If you have not scheduled your purchased training, contact your Professional Development Planner at (866) 559-4868.
- Teachers and administrators visit Renaissance Training Center to sign up and attend Standard Webinars.
- Implementation Specialist sets up your Custom Webinars (if applicable).
- Install client applications.
- Attend sessions.
- Field Consultant travels to your school and conducts Custom Seminars (if applicable).
- Install client applications for Custom Seminars.
- Attend sessions.

Step 6 Customer Support

RP Assistant has been glad to be of service! Please contact Customer Support for any questions, requests, or technical support at (800) 656-6740, 6:30 AM – 7:00 PM CST, or email us at answers@renlearn.com.
