

An aerial photograph of a school campus. In the center, a white rectangular box with a black border contains the text "SUPERINTENDENT'S REPORT" in large, bold, black letters. Below this box, the date "JANUARY 27, 2025" is written in a smaller, bold, black font. The background shows a school building with a solar panel array on its roof, a large parking lot, a playground, and surrounding greenery with trees in autumn colors. A residential neighborhood is visible in the upper left, and a large grassy field with a power line tower is in the upper right.

District 70 Foundation for Excellence event coming soon!

D70 Foundation for Excellence in Education Ticket sales begin Feb. 1st!!

AD students working on creating poems! They're creative poets!

After learning about real bridge design, these amazing 3rd graders became paper bridge engineers. Students used their knowledge of forces to build a strong bridge that could support as many pennies as possible.....using only 2 sheets of paper! No glue, no tape, no staples! Just 2 pieces of white copy paper. The winning team had a whopping 401 pennies before it finally collapsed. Way to go scientists!

Copeland students put the finishing touches on their cave masterpieces!

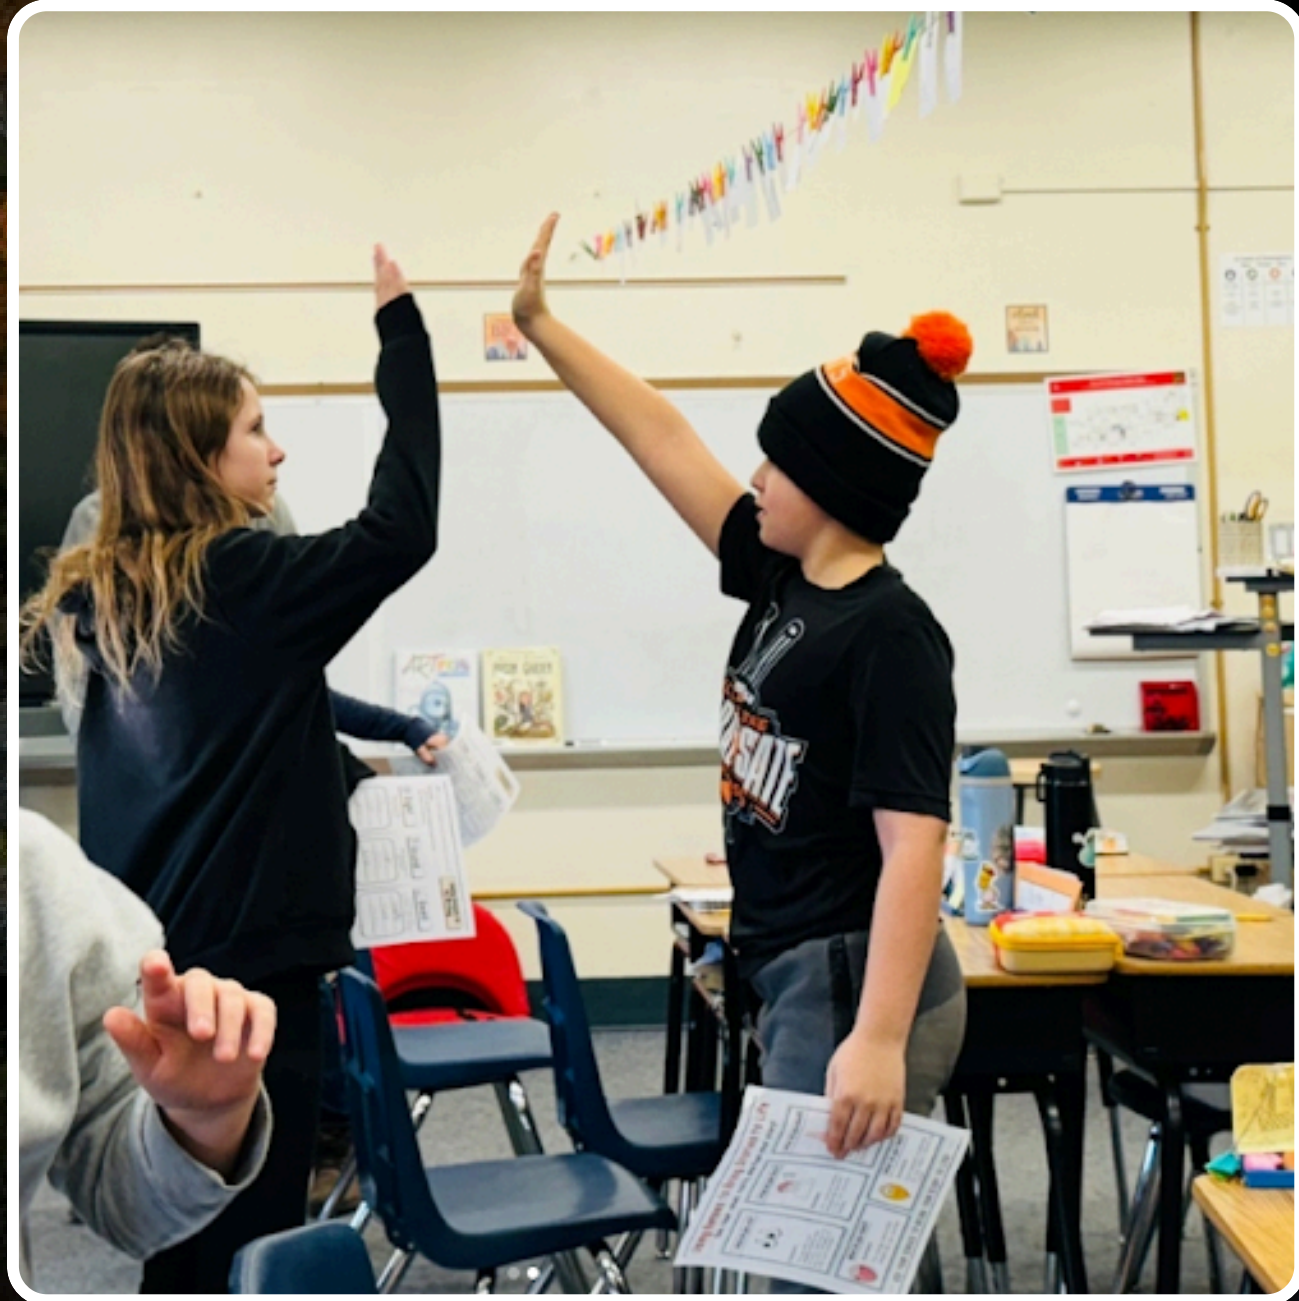

Highland Middle School students hard at work in the school's science labs creating classroom values and solidifying their norms

Highland Middle School  
at Jazz Fest

Highland's Jazz Band recently performed at Jazz Fest!

Mr. Baker's 4th-grade class at Rockland School used the Hand Up, Stand Up, Pair Up activity to brainstorm writing ideas! This Kagan structure is a great way to promote student engagement and creativity!
