

**Teaching & Learning  
Action Item  
1/8/2026**

**Annual Student Investment Account Grant**

As per board policy, ORS 294.305, proposals for external funds will be submitted to the Board for evaluation and approval. I am asking the board to approve the grant agreement to receive Student Investment Account funds.

The goals of the Student Investment Account are to:

- Improve the learning experience for all K-8 students, especially our most vulnerable.
- Lowering student to adult ratios at the elementary level.
- Increasing academic improvement in reading and math as well as making sure students are connected and have a sense of belonging are goals we have as a district.

The SIA Grant also provides the Middle School After School Program, After School and Summer Elementary Academic and Enrichment Programs.

In addition, the grant also provides professional development opportunities that strengthen teachers' instructional practices to ensure the learning needs of individual students are met and the continued ongoing engagement with students, families, staff and community partners.

I am **asking the board to approve the grant agreement to receive Student Investment Account funds.** At this time, the preliminary biennium allocation for 2025-27 is \$5,135,048.63.
