

Imagine a new way to learn.

Oregon Virtual Education is proud to offer Oregon students, parents, and school districts a new way to approach learning. As an online public charter school, ORVED is part of the growing trend to use online education to give students increased flexibility in schedules while still offering rigorous academic coursework.

Personal. Flexible. Public.

Why ORVED?

- ❖ High-Quality Curriculum
- ❖ Increased Flexibility for Students
- ❖ Increased Flexibility for Schools

Created by Oregon teachers for Oregon students in Oregon schools, ORVED is a public school with part-time and full-time options. We enroll students in grades 6-12.

ORVED is affordable.

We are a not-for profit charter school. What does that mean for your district? It means that there is **no financial obligation** when you sign a cooperative agreement with us. And if some of your students attend ORVED full-time, we will **send funds back to you**.

Want to learn more about this? Just ask – our staff love to share how we strengthen schools.

Characteristics of a Successful Online Learner

- ❖ Academic self confidence
- ❖ Technologically savvy
- ❖ Strong reading and writing skills
- ❖ Internal sense of responsibility
- ❖ Self-directed learner
- ❖ Self-reflective in learning
- ❖ Effective time manager
- ❖ Problem-solver
- ❖ Flexible
- ❖ Wants to learn online

Our teachers confirm – students are most successful when *“They...have chosen the online classroom for intelligent and worthwhile reasons and are well supported by their families.”* – Robert Brown, Science

ORVED works for you.

ORVED makes learning accessible – any time, any place.

Do you have a band student who also wants to take chemistry but can't fit it into a busy band schedule? We can help! Do you have students who want to take a class or two over the summer? We can help! Do you want to reach out to home schooled students in your district? We can help!

Are you a district or a school that wants to offer more flexibility and options to your students? We can help! ORVED is designed to **work with you** to create an online learning environment that meets the needs of your community.

Student success is our bottom line.

Students attending ORVED come from all over the state and have a variety of educational backgrounds. Some students attend ORVED part-time for one or two classes to provide more flexibility to their “brick and mortar” school schedules, while others decide to attend ORVED full-time, taking five or more online classes each semester.

Want more information?

Contact us to schedule an informational meeting, a presentation to school personnel, a parent information session, and more. We are happy to work with you to meet the needs of your students.

Dr. Marie Ballance, 503-679-7023, mballance@orved.org.

Scott Deckelmann, 503-614-1300, sdeckelmann@orved.org.

Check out our website for more information, a course catalog, or to register for courses!

Students can start a class on any day of the year and work at their own pace anywhere that they have computer and internet access.

“ORVED IS A MORE PERSONALIZED SYSTEM THAT OFFERS FLEXIBILITY TO FAMILIES AND STUDENTS.”
