

SUBJECT:	Consideration and possible revision of EEH (LOCAL) Instructional Arrangements Homebound Instruction.
BACKGROUND:	<p>TEA’s revisions to the Student Attendance Accounting Handbook (SAAH) prompted recommended updates to this policy. Students may now receive homebound services for psychological, as well as medical conditions.</p> <p>Additionally, the weeks of confinement due to a medical or psychological condition do not need to be consecutive to qualify.</p> <p>The policy language has been updated to reflect this change.</p>
FINANCIAL IMPLICATIONS:	None.
RECOMMENDATION:	We recommend approval of revision to EEH (LOCAL) Instructional Arrangements Homebound Instruction.
