524 INTERNET ACCEPTABLE USE AND SAFETY POLICY

I. PURPOSE

The purpose of this policy is to set forth policies and guidelines for access to The Cannon Valley Special Education Cooperative's computer system and acceptable and safe use of the Internet, including electronic communications.

II. GENERAL STATEMENT OF POLICY

In making decisions regarding student and employee access to The Cannon Valley Special Education Cooperative's computer system and the Internet, including electronic communications, The Cannon Valley Special Education Cooperative considers its own stated educational mission, goals, and objectives. Electronic information research skills are now fundamental to preparation of citizens and future employees. Access to The Cannon Valley Special Education Cooperative's computer system and to the Internet enables students and employees to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging messages with people around the world. The Cannon Valley Special Education Cooperative expects that faculty will blend thoughtful use of the Cooperative's computer system and the Internet throughout the curriculum and will provide guidance and instruction to students in their use.

III. LIMITED EDUCATIONAL PURPOSE

The Cannon Valley Special Education Cooperative is providing students and employees with access to the Cannon Valley Special Education Cooperative's computer system, which includes Internet access. The purpose of the system is more specific than providing students and employees with general access to the Internet. The Cannon Valley Special Education Cooperative's system has a limited educational purpose, which includes use of the system for classroom activities, educational research, and professional or career development activities. Users are expected to use Internet access through The Cannon Valley Special Education Cooperative's system to further educational and personal goals consistent with the mission of The Cannon Valley Special Education Cooperative and school policies. Uses which might be acceptable on a user's private personal account on another system may not be acceptable on this limited-purpose network.

IV. USE OF SYSTEM IS A PRIVILEGE

The use of The Cannon Valley Special Education Cooperative's system and access to use of the Internet is a privilege, not a right. Depending on the nature and degree of the violation and the number of previous violations, unacceptable use of The Cannon Valley Special Education Cooperative's system or the Internet may result in one or more of the following consequences: suspension or cancellation of use or access privileges; payments for damages and repairs; discipline under other appropriate cooperative policies, including suspension, expulsion, exclusion, or termination of employment; or civil or criminal liability under other applicable laws.

V. UNACCEPTABLE USES

A. While not an exhaustive list, the following uses of The Cannon Valley Special Education Cooperative's system and Internet resources or accounts are considered unacceptable:

1. Users will not use The Cannon Valley Special Education Cooperative's system to access, review, upload, download, store, print, post, receive, transmit, or distribute:

- a. pornographic, obscene, or sexually explicit material or other visual depictions that are harmful to minors;
 - b. obscene, abusive, profane, lewd, vulgar, rude, inflammatory, threatening, disrespectful, or sexually explicit language;
 - c. materials that use language or images that are inappropriate in the education setting or disruptive to the educational process;
 - d. information or materials that could cause damage or danger of disruption to the educational process;
 - e. materials that use language or images that advocate violence or discrimination toward other people (hate literature) or that may constitute harassment or discrimination.
2. Users will not use The Cannon Valley Special Education Cooperative's system to knowingly or recklessly post, transmit, or distribute false or defamatory information about a person or organization, or to harass another person, or to engage in personal attacks, including prejudicial or discriminatory attacks.
 3. Users will not use The Cannon Valley Special Education Cooperative's system to engage in any illegal act or violate any local, state, or federal statute or law.
 4. Users will not use The Cannon Valley Special Education Cooperative's system to vandalize, damage, or disable the property of another person or organization, will not make deliberate attempts to degrade or disrupt equipment, software, or system performance by spreading computer viruses or by any other means, will not tamper with, modify, or change The Cannon Valley Special Education Cooperative's system software, hardware, or wiring or take any action to violate The Cannon Valley Special Education Cooperative's security system, and will not use the Cooperative system in such a way as to disrupt the use of the system by other users.
 5. Users will not use The Cannon Valley Special Education Cooperative's system to gain unauthorized access to information resources or to access another person's materials, information, or files without the implied or direct permission of that person.
 6. Users will not use The Cannon Valley Special Education Cooperative's system to post private information about another person, personal contact information about themselves or other persons, or other personally identifiable information, including, but not limited to, addresses, telephone numbers, school addresses, work addresses, identification numbers, account numbers, access codes or passwords, labeled photographs, or other information that would make the individual's identity easily traceable, and will not repost a message that was sent to the user privately without permission of the person who sent the message.
 - a. This paragraph does not prohibit the posting of employee contact information on The Cannon Valley Special Education Cooperative's webpages or communications between employees and other individuals when such communications are made for education-related purposes (i.e., communications with parents or other staff members related to students).
 - b. Employees creating or posting school-related webpages may include personal contact information about themselves on a webpage. However, employees may not post personal contact information or other

personally identifiable information about students unless:

- (1) such information is classified by The Cannon Valley Special Education Cooperative as directory information and verification is made that the cooperative has not received notice from a parent/guardian or eligible student that such information is not to be designated as directory information in accordance with Policy 515; or
- (2) such information is not classified by The Cannon Valley Special Education Cooperative as directory information but written consent for release of the information to be posted has been obtained from a parent/guardian or eligible student in accordance with Policy 515.

In addition, prior to posting any personal contact or personally identifiable information on a school-related webpage, employees shall obtain written approval of the content of the postings from the building administrator.

- c. These prohibitions specifically prohibit a user from utilizing The Cannon Valley Special Education Cooperative's system to post personal information about a user or another individual on social networks, including, but not limited to, social networks such as "Facebook," "Twitter," "Instagram," "Snapchat," "TikTok," "Reddit," and similar websites or applications.
7. Users must keep all account information and passwords on file with the designated Cannon Valley Special Education Cooperative official. Users will not attempt to gain unauthorized access to The Cannon Valley Special Education Cooperative's system or any other system through The Cannon Valley Special Education Cooperative's system, attempt to log in through another person's account, or use computer accounts, access codes, or network identification other than those assigned to the user. Messages and records on The Cannon Valley Special Education Cooperative's system may not be encrypted without the permission of appropriate school authorities.
8. Users will not use The Cannon Valley Special Education Cooperative's system to violate copyright laws or usage licensing agreements, or otherwise to use another person's property without the person's prior approval or proper citation, including the downloading or exchanging of pirated software or copying software to or from any school computer, and will not plagiarize works they find on the Internet.
9. Users will not use The Cannon Valley Special Education Cooperative's system for conducting business, for unauthorized commercial purposes, or for financial gain unrelated to the mission of The Cannon Valley Special Education Cooperative. Users will not use The Cannon Valley Special Education Cooperative's system to offer or provide goods or services or for product advertisement. Users will not use The Cannon Valley Special Education Cooperative's system to purchase goods or services for personal use without authorization from the appropriate Cooperative official.
10. Users will not use The Cannon Valley Special Education Cooperative's system to engage in bullying or cyberbullying in violation of The Cannon Valley Special Education Cooperative's Bullying Prohibition Policy. This prohibition includes using any technology or other electronic communication off school premises to the extent that student learning or the school environment is substantially and materially disrupted.

- B. The Cannon Valley Special Education Cooperative has a special interest in regulating off-campus speech that materially disrupts classwork or involves substantial disorder or invasion of the rights of others. A student or employee engaging in the foregoing unacceptable uses of the Internet when off Cooperative premises also may be in violation of this policy as well as other Cooperative policies. Examples of such violations may include, but are not limited to, serious or severe bullying or harassment targeting particular individuals, threats aimed at teachers or other students, failure to follow rules concerning lessons, the writing of papers, the use of computers, or participation in other online school activities, and breaches of school security devices. If the Cooperative receives a report of an unacceptable use originating from a non-school computer or resource, The Cannon Valley Special Education Cooperative may investigate such reports to the best of its ability. Students or employees may be subject to disciplinary action for such conduct, including, but not limited to, suspension or cancellation of the use or access to The Cannon Valley Special Education Cooperative's computer system and the Internet and discipline under other appropriate Cooperative policies, including suspension, expulsion, exclusion, or termination of employment.
- C. If a user inadvertently accesses unacceptable materials or an unacceptable Internet site, the user shall immediately disclose the inadvertent access to an appropriate Cooperative official. In the case of a Cooperative employee, the immediate disclosure shall be to the employee's immediate supervisor and/or the program administrator. This disclosure may serve as a defense against an allegation that the user has intentionally violated this policy. In certain rare instances, a user also may access otherwise unacceptable materials if necessary to complete an assignment and if done with the prior approval of and with appropriate guidance from the appropriate teacher or, in the case of a Cooperative employee, the building administrator.

VI. FILTER

- E. The Cannon Valley Special Education Cooperative will educate students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

VII. CONSISTENCY WITH OTHER SCHOOL POLICIES

Use of The Cannon Valley Special Education Cooperative's computer system and use of the Internet shall be consistent with Cooperative policies and the mission of The Cannon Valley Special Education Cooperative.

Users should expect only limited privacy in the contents of personal files on The Cannon Valley Special Education Cooperative system.
- B. Routine maintenance and monitoring of The Cannon Valley Special Education Cooperative's system may lead to a discovery that a user has violated this policy, another Cooperative policy, or the law.
- C. An individual investigation or search will be conducted if Cooperative authorities have a reasonable suspicion that the search will uncover a violation of law or Cooperative policy.
- D. Parents may have the right at any time to investigate or review the contents of their child's files and email files in accordance with The Cannon Valley Special Education Cooperative's Protection and Privacy of Pupil Records Policy. Parents have the right to request the termination of their child's individual account at any time.

Cannon Valley Special Education Cooperative retains the right at any time to investigate or review the contents of their files and email files. In addition, Cannon Valley Special Education Cooperative employees should be aware that data and other materials in files maintained on The Cannon Valley Special Education Cooperative's system may be subject to review, disclosure, or discovery under Minnesota Statutes chapter 13 (Minnesota Government Data Practices Act).

- F. The Cannon Valley Special Education Cooperative will cooperate fully with local, state and federal authorities in any investigation concerning or related to any illegal activities or activities not in compliance with Cooperative policies conducted through The Cannon Valley Special Education Cooperative's system.

IX. INTERNET USE AGREEMENT

- A. The proper use of the Internet, and the educational value to be gained from proper Internet use, is the joint responsibility of students, parents, and employees of The Cannon Valley Special Education Cooperative.
- B. This policy requires the permission of and supervision by the Cooperative's designated professional staff before a student may use a school account or resource to access the Internet.
- C. The Internet Use Agreement form for students must be read and signed by the user, the parent or guardian, and the supervising teacher. The Internet Use Agreement form for employees must be signed by the employee. The form must then be filed at the Cooperative office. As supervising teachers change, the agreement signed by the new teacher shall be attached to the original agreement.

X. LIMITATION ON COOPERATIVE LIABILITY

Use of The Cannon Valley Special Education Cooperative's system is at the user's own risk. The system is provided on an "as is, as available" basis. The Cannon Valley Special Education Cooperative will not be responsible for any damage users may suffer, including, but not limited to, loss, damage, or unavailability of data stored on Cooperative diskettes, tapes, hard drives, or servers, or for delays or changes in or interruptions of service or misdeliveries or nondeliveries of information or materials, regardless of the cause. XII. PARENTS' RESPONSIBILITY; NOTIFICATION OF STUDENT INTERNET USE

- A. Outside of school, parents bear responsibility for the same guidance of Internet use as they exercise with information sources such as television, telephones, radio, movies, and other possibly offensive media. Parents are responsible for monitoring their student's use of The Cannon Valley Special Education Cooperative's system and of the Internet if the student is accessing The Cannon Valley Special Education Cooperative's system from home or a remote location.
- B. Parents will be notified that their students will be using Cooperative resources/accounts to access the Internet and that The Cannon Valley Special Education Cooperative will provide parents the option to request alternative activities not requiring Internet access. XIV. SCHOOL-ISSUED DEVICES

- A. "Cooperative-issued device" means hardware or software that The Cannon Valley Special Education Cooperative, acting independently or with a technology provider, provides to an individual student for that student's dedicated personal use. A Cooperative-issued device includes a device issued through a one-to-one program.

This notice is not required at any time when the notice itself would pose an imminent threat to life or safety, but must instead be given within 72 hours after that imminent threat has ceased.

XV. LIMIT ON SCREEN TIME FOR CHILDREN IN PRESCHOOL AND KINDERGARTEN

A child in a publicly funded preschool or kindergarten program may not use an individual-use screen, such as a tablet, smartphone, or other digital media, without engagement from a teacher or other students. This section does not apply to a child for whom the school has an individualized family service plan, an individualized education program, or a 504 plan in effect.

XVI. IMPLEMENTATION; POLICY REVIEW

- C. The Cannon Valley Special Education Cooperative Internet policies and procedures are available for review by all parents, guardians, staff, and members of the community.
