With the weather getting nicer this month we are able to do all routes, which allowed us to get the students to school. Due to the fact they we were able to get all are routes positions filled.

The mechanics have been repairing and working on district vehicles and school buses, keeping them up to date with the oil changes and servicing them. They also had to, with help of Don from Hartley's, had to do recall work on the propane buses. The mechanics also had to alter a new vehicle for food service.

Besides purchasing a new vehicle for food service Wayne is looking to purchasing three new propane buses and a Charter Bus.
