SRP STANDARD RESPONSE PROTOCOL

INFORMATION FOR PARENTS AND GUARDIANS:
Our school has adopted The "I Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be training, practicing, and drilling the protocol.

COMMON LANGUAGE:
The Standard Response Protocol (SRP) is based on an all-hazards approach as approved by individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol. The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Checklist." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

HOLD
"In the Classroom or Area"
Students are trained to:
• Clear the hallway and remain in their area or room until the "All Clear" is announced.
Adults and staff are trained to:
• Do business as usual
• Close and lock the door
• Account for students and adults
• Do business as usual

SECURE
"Get Inside, Lock Outside Doors"
Students are trained to:
• Return to inside of building
• Do business as usual
Adults and staff are trained to:
• Bring everyone indoors
• Lock the outside doors
• Increase situational awareness
• Account for students and adults
• Do business as usual

LOCKDOWN
"Locks, Lights, Door or Sign"
Students are trained to:
• Move away from right
• Maintain silence
• Do not open the door
• Turn out the lights
• Move away from right
• Maintain silence
• Do not open the door
• Prepare to evade or defend
Follow instructions
Adults and staff are trained to:
• Bring all staff and do not (unless instructed not to bring anything with them, dependent on reason for evacuation)
• Lead students to Evacuation location
• Account for students and adults
• Report injuries or problems using Red Card/Green Card method.

EVACUATE
"Go to Location"
Students are trained to:
• Leave staff trained if required to
• If possible, bring their phone
• Follow instructions
Adults and staff are trained to:
• Bring all staff and do not (unless instructed not to bring anything with them, dependent on reason for evacuation)
• Lead students to Evacuation location
• Account for students and adults
• Report injuries or problems using Red Card/Green Card method.

SHELTER

ParentSquare

Jarrell ISD uses ParentSquare for teacher-to-parent communication. ParentSquare is designed to keep parents informed and facilitate participation at school. It provides a safe way for teachers and parents/guardians to communicate.

Last year, we used ClassTag as our teacher-to-parent communication tool. However, after the feedback we received, it was clear parents wanted a change. We will now use ParentSquare. It offers a streamlined and user-friendly experience with features that enhance communication and engagement.

ParentSquare automatically generates an account for each parent, using their preferred email address and phone number. The accounts are generated regardless of when a parent enrolls their child. This platform is strictly for teachers and parents. The district and campus principals will continue using the current mass notification system to share information.

***NOTE for Current Families:** Accounts have been preloaded with parent and student information from the 2023 - 24 school year. As we transition to the 2024 - 25 school year, new information

Khan Academy

A great resource for students is the Khan academy. The organization has resources for most students grades and specifically high school. Most high school subjects are supported.

In a [recent study](#), students were over twice as likely to meet grade-level standards with Khan Academy. Districts across the country are partnering with us to ensure all their students succeed.

The link to Khan Academy is located at www.khanacademy.org

Attendance Matters!

Excessive absences place your child at risk of losing credit for the semester or the year. State law requires at least 90% attendance which allows for only 9 absences each semester of the school year to gain credit or be promoted. Attendance has a direct impact on a student's ability to learn. Please help us give your child the best education possible by ensuring they are in regular attendance at school.
