

# Executive Summary

## Prepared for Board of Trustees Meeting

### January 19, 2010

## Denton ISD Driver's Education

---

**Board Goal:**  
II; III; IV; VI

### **Purpose of Report**

Share with the board the effects the new driver's education program will have on the district's program.

### **Objectives**

- Change in new law
- Explain cost to implement new law
- Questions to be answered

### **Operational Impact**

Driver's Education will continue to be a nonprofit program we offer to our students. We try to break even. There are unrecoverable expenses. Most of these costs occur in the transportation department where the cars are prepared for driver's education.

### **Results**

This report will provide the board with knowledge of the new law for proceeding with or discontinuing the driver's education program.
