Memorandum

To: Samuel Mijares, Superintendent of Public Schools
From: David Camarillo, Executive Director for Instruction *DC*
Date: November 30, 2020
Re: Teacher Data Portal

The assessment data portal of the Texas Assessment Management System became fully operational in October 2011 and complies with the requirements of the Texas Education Code (TEC), §32.258 to provide teacher access to student assessment data through a local student data system must apply for an expedited waiver from the Texas Education Agency (TEA). The local data portal must meet the following requirements:

- The local data portal must be accessible to all teachers in the core areas (Reading/English Language Arts, Mathematics, Science, and Social Studies) and allow teachers to view their own student's assessment data. It is a local decision whether to extend access to teachers outside of the four core subjects; however, districts must consider whether there exists a sound educational reason, allowable under the Family Educational Rights and Privacy Act (FERPA), for non-core teachers to have access to student-level data.
- Student data must be available from the 2007-2008 school year forward and include data indicating progress in student achievement.
- Student data must be available on or before the first instructional day of the year following the year in which the data were collected.
- The local data portal must permit comparisons of student performance at the classroom, campus, district, and state levels. Though it will not be necessary for local data portals to contain statewide data for comparison of student performance, local portals must include a link to the TEA's website where [statewide reports](#) are posted.
- As a condition to granting a waiver for teacher access to the state data portal, local systems must have all of the above data available to teachers.

Note that districts and charter schools that receive a waiver from the requirement to provide teachers with access to the state data portal must still provide the teacher-student linking information in their summer PEIMS submissions. There is no waiver from the PEIMS submission requirement.

I am hereby requesting approval to submit a waiver for the Teacher Data Portal of the Texas Assessment Management System.

Samuel Mijares, Superintendent of Public Schools
