The following item needs to be on the May 24th Board Meeting agenda as an action item for the Board of Trustees:

**Review, discuss and consider for approval the updated Acceptable Use Policy for Technology for the 2010-11 school year.**

Why did we engage in the revamping of our current Technology AUP policy? Our current policies were outdated and needed to be in line with current trends and technology measures. Additionally, we were charged by the District Strategic Plan (Strategy 3, Plan 5, Step 5) to review and update the Technology AUP. As a result, I put together a Technology AUP review committee that met the past few months to review all of our current Technology policies and practices. This committee process included the people shown below:

| | |
|---|---|
| Michael Williams (CHS) | Sean Bagley (CHS) |
| Brandon McGill (East) | Donna Casto (North) |
| Rhonda Carr (West) | Angie Applegate (TC) |
| Jill Galloway (New Tech) | Shalone Willms (CHS) |
| Tami Martins (Pink/TC) | Debra Marshall (Wilson) |
| Shelley Shuga (Technology) | Chris Stouff (Technology) |
| Tracey Wallace (HR) | Michelle King (Curriculum) |
| Jessica Doty (PR) | Nancy Garvey (CMS East) |

The committee was charged with thinking outside of the box, reviewing as many of the local K12 AUP policies as well as anything else that could be found from around the country and ultimately developing an updated Technology AUP that felt met the needs for our District.

Once the committee developed the final recommended changes, I shared those recommendations with the following individuals and/or groups to address any other concerns that might have been missed through the initial committee process:

| | |
|---|---|
| Tracey Wallace (HR) | Joe Tanguma (District attorney) |
| Campus Principals | Curriculum Department |

It was important to include Joe Tanguma to make sure that all of the language built into the potential policy changes were consistent with all of the other District policies, guidelines and procedures.
