## Long Prairie-Grey Eagle ISD #2753

### Vision 2024

*Every Person, Every Day*

I have been working on uploading data to the strategic plan and uploading data for the purpose of evaluating baselines and progress. I compiled academic, attendance, discipline, and communications data to serve as an informative piece of information for refining the strategic plan going into 2025-2026. The document in the link is a working document and is actively being updated.

The strategic plan has four priorities presently -

1. **Pride** in who we are and every person who is a part of Thunder Nation
2. **Relationships** that foster a safe and encouraging environment
3. **Dedication** to high-quality academics, developing well-rounded students, and bringing our community together to stand united
4. **Elevate** opportunities for every person, every day, through partnerships that create big opportunities.

I have some drafts of what a survey might look like for parents and students. Please *note the links below are just an example of what one might or could look like. They do not represent any finalized or formalized document and should not be treated as such.*

The 2025 Innovative Schools Project Grant continues to support creative, teacher-led initiatives that enhance student learning and build community connections. This year's projects include efforts to welcome new students with essential supplies (slated for Fall 2025), expand access to high-interest and Spanish-language books in grades 7–8, and offer language-rich engagement sessions for elementary ELL families. We are proud of the positive impact these projects—and last year's successes in robotics, culinary arts, and literacy—have on our students. Thank you to Sourcewell for their ongoing support of this \$5,000 grant and to our dedicated staff for bringing innovation to life in our schools.

I look forward to resuming my Superintendent duties on July 1, 2025, and appreciate the continued opportunity to serve the Long Prairie-Grey Eagle community. As Interim Froke concludes his time with the district, I extend my best wishes for his future endeavors. As we move forward, I remain committed to modeling professionalism, fostering a collaborative and encouraging environment, and ensuring a smooth leadership transition. My focus will be on building momentum and strengthening trust as we work together to instill pride, build strong relationships, and stand united in our dedication to lifelong learning and creating big opportunities for every student, staff member, and family in Thunder Nation.
