

## **Cafeteria Monthly Report**

### **November 2025**

The annual Thanksgiving Meal Celebration will be held on Nov.13<sup>th</sup>. We anticipate serving close to 1000 lunches on that day. The celebration is always a great event! We will consider ourselves lucky to have NHS students and volunteers to help on that day.

On the Office side- The month of October has the state verification number of students that we feed. It also allows opportunities to apply for equipment grants to enhance the program. We are keeping our fingers cross that the state awards us some vey needed pieces of equipment.

November is also the month that I approach the board to ask for a waiver for the summer feed program for 2026.
