### **Congratulations to our Region 11 Title I Reward Schools!**

**TEA identifies more than 400 Title I Reward Schools** - The Texas Education Agency (TEA) has identified more than 400 campuses across the state as high-performing and/or high-progress Title I schools for 2014-2015. Title I schools are defined as campuses with a student population of at least 40 percent low-income. The identification of high-performing and/or high-progress is based on statewide reading and mathematics assessments under the State Accountability System in the 2013-2014 school year and graduation rates.
