

# DUNCANVILLE ISD

*Writing success stories, one student at a time.*

Regular Board Meeting

May 19, 2025

AGENDA SECTION: Action Agenda

SUBJECT: Purchase of updated automotive lab equipment at Duncanville High School

BOARD POLICY: CH (Local)

STRATEGIC GOAL(S): Priority #1 Focus on Student Success

FISCAL NOTE: CTE Local Funds

PREPARED/PRESENTED BY: Dr. Samuel Nix, Chief Academic Officer

## **Background Information**

According to CH (Local) any purchases that cost \$50,000 or more, shall require Board approval. The Duncanville High School automotive lab, last updated in 2001, requires immediate renovation to provide students with industry-relevant training. Providing equipment updates will also enhance the lab's functionality, efficiency, and safety compliance. To address this critical need, we propose the purchase of industry-recognized equipment from North Star Equipment, including a new Brake Lathe, Aligner, and Alignment Rack. This investment will equip our students with the latest industry-standard tools, enhancing their skills and preparing them for successful careers in the automotive field.

## **Recommendation**

We recommend Board Approval for the purchase of updated automotive lab equipment at Duncanville High School.

## **Communication Deployment**

- **Board Meeting Minutes**

## **Suggested Motion**

The Board approve the purchase of updated automotive lab equipment.

+++++

Respectfully submitted,

Dr. T. Lamar Goree  
Superintendent
