MINICO HIGH SCHOOL

Activities Team Goals

Athletic Values

- We are developing in our students future leaders.
- We are teaching life lessons found through participating in extracurricular activities.
- We teach athletes are students first.
- We teach their roles matter.
- We strive for excellence every day.

Everybody wants to be a champion. But champions develop over time by consistently doing the little things right that are easy to do some of the time.

Purpose of This Presentation

Successes

Needs

Plans

A Special Time For Students in Minidoka County

Very few Large School has the success we are experiencing across the board.

Better Economics and Better Business for Our Community

Wrestling District Title 2016

Minico Girls Basketball District Champions 2016

Minico Boys Trophy Celebration State 2016

Activities Facilities: Successes

1. Track is complete! We are hosting 3 new meets this year!
2. Baseball & Softball hitting facility is under construction. \$10,000 Donation from D.L. Evans along with others. This will bring a tremendous help to our teams and off season during the winter months and rainy spring days.
3. Wrestling mats for the practice facility are new and nice! Thank you!
4. Bleachers are scheduled to be in the bottom section of the new gym over spring break. (This could not come soon enough as the responsibility has fallen on coaches and players, students and staff to set up and put down.)
5. Training table and Medical bags for sports teams -Boston Senior Project.
6. Kelsy memorial brings a arch for the football stadium and score table for gym.

Activities Facilities: Needs

1. Bleachers: Broken and dangerous (scheduled for Spring Break)
2. Sound System: Main Gym and Bill Matthews Field. We are need of a new sound system in the gymnasium and football field. Welch music says it's on it's last leg. Sound system in the gym is biggest complaint from Minico fans and students.
3. Need of New Ice Machine for student athletes.
4. New basket controllers. Broken and man-power waste. (3 years now)
5. Soccer goals. Welds aren't holding up and danger over tipping over or falling apart. Two goals that boys and girls could use for competition.
6. New Main Gym Floor Needed - Sanded to the base and warped.

Activities Facilities: Wants/Needs

1. Auditorium Rental money: Choir Budget

- a. Replacement budget for lights, moving screen (held up by rope right now), bulbs, etc.
- b. Acoustics: need to hang existing panels and carpet the floor in the band room.
- c. Right now the music department pays for the upkeep through their funds.

2. Scoreboards:

- a. The lights are ok right now but they don't make them anymore that are in the main gym.
- b. Only one person in their company even remembers how they work. When it breaks down there is no fixing.

Coaching Updates

We are in the process of hiring a new Volleyball Head Coach.

Our Middle School Soccer teams have been a success.

We will be working out the Swimming logistics in the coming months and years.

We want to add the 7th grade football position under the middle school umbrella.

Our Golf coach just became the head Pro at Rupert. We would like to add a Girls' coach.
