2025-2026 Summary Statement for Superintendent Evaluation

March 5, 2026

The Board of Directors of the Gresham-Barlow School District has completed the annual evaluation of Superintendent Dr. Tracy Klinger for the 2025-2026 school year. The evaluation focused on the four board conditions of Safety, Belonging, Opportunity, and Achievement, and was specifically oriented on the progress of specific actions that Dr. Klinger and the Board identified prior to the start of the academic year. Regarding those actions, the Board evaluated that Dr. Klinger has met or exceeded all expectations.

Specifically, the Board identified Dr. Klinger's actions and progress in the conditions of safety and belonging as notable successes. Regarding safety, Dr. Klinger's communication with parents, families, and community members is, as one director put it, "strengthening trust and transparency between the district and families." The board identified that Dr. Klinger's leadership and strategic efforts have continued to raise attendance levels across the district through positive collaboration, presence, and engagement.

As one director summarized, "[Dr. Klinger's] leadership—expressed through the GBSD team—can move the needle in critical directions for our students." The board looks forward to engaging in strategic planning alongside Dr. Klinger and her GBSD team to build sustainable achievement for our students. The Board is grateful for Dr. Klinger's leadership and partnership in delivering the schools our community deserves.

Blake Petersen
Board Chair

Dr. Tracy Klinger
