RE: Compensation Report

DATE: September 28, 2010

Public Act 96-0434 which took effect on August 13, 2009 requires each school district in Illinois to create a current itemized compensation report for every employee holding an administrative certificate and working in that capacity. The law requires this compensation report be presented to the Board of Education and be posted on the district website by October 1 of each year. Attached you will find the report listing 28 administrators' base salaries and the value of various benefits. This report will be posed on our website by the end of this week.
