

SUBJECT: Consideration and possible revision of EIE (LOCAL) Academic Achievement Retention and Promotion.

BACKGROUND: Recommended revisions to this policy propose a credit requirement adjustment for students to achieve grade-level classifications in 11th and 12th grade. This change is needed to address the Texas Education Agency's change in graduation requirements from 24 to 26 credits.

Additional recommended changes have been made throughout this policy to align with District practice and to clarify requirements.

FINANCIAL IMPLICATIONS: None.

RECOMMENDATION: We recommend approval of revision of EIE (LOCAL) Academic Achievement Retention and Promotion.
