

## Technology Dept.

February 11, 2019

### Student Technology

- The DSC Lab has been replaced with newer computers.
- We have replaced 12 printers with new ones. 4- Acequia, 1-Heyburn, 4-Minico, 1-Paul, 1-West, 1-Mt. Harrison

### Security/Video

- We have added 6 more cameras at East and 6 more cameras at West since the last board report.

### District Technology

- We are prepping the lab computers to be upgraded. We have 225 computers to replace this year which is about half of the labs. We plan to do the other half next year.
- Erate bids will be advertised and will need approved in the March board meeting.

### State Testing

- State testing has started at the schools.

### Work Orders

- Work orders are combined with Maintenance. Since we had to import old tickets, they show as open and numbers aren't correct on incomplete until we can get through them all.
