Red Wing Activities is proposing an increase in home ticket prices from \$6 adults, \$4 students to \$8 adults, \$6 students.

Reasons for this proposal:

1. Red Wing is moving to Hometown Ticketing for home events. This is a credit card based, cashless system that does charge a nominal fee (\$1) for each ticket purchased. 10 of 12 conference schools are using this platform. All are anticipated to move in this direction in some capacity. Some schools are 100% cashless.
2. \$6 and \$4 are the lowest ticket prices in our conference.
 - a. Families will still receive a complimentary pass for a registered student during that season.
 - b. Senior Citizens will still be able to access their courtesy pass.
 - c. Yearly spectator passes will still be available for adults (\$75) and students K-7 (\$30)
 - d. RWHS Students get in free to home events.
