Subject: Jan. 17th School Board Meeting

To Nelda L Guerra CEOE, I would like to address the ECISD Board meeting on the facts of the NON-existence of the Agenda Group called, "The Separation of Church and State". Also, if Mr. Newman intends to file suit against the School Board Members that voted in the Bible Study elective class, then I will counter sue him, into proving that , "Separation of Church and State" is a part of our Constitution. As I have stated many times, if it is not a part of our Constitution, it is considered "Null and Void" and no action can be taken.
