How do you feel this will increase attendance? Our goal is to educate parents about attendance in school and to instill a sense of priority in each child and family member to attend school every day. Attendance is a key factor in student success, and more students will achieve because they are coming to school on a daily basis. A letter will go home to all parents outlining this incentive program if approved. Each month we will use REMIND to notify parents of the monthly winners! ATTENDANCE MATTERS!

How will you measure the impact this has on attendance? There will be a weekly attendance report by homeroom provided by the school secretary. Teachers will review their class percentage and give a “start of the week” pep talk. During morning announcements, classes with attendance at 98% or above will be recognized. At the end of each month, an overall monthly report will be generated according to homeroom classes.
