

Prepared for: North Bend School Board
Prepared by: Tim Crider, Superintendent
Meeting Date: February 5, 2026

ACTION REQUIRED

SUMMARY

The Board will consider a proposal to reconfigure the District's two elementary schools into a K-2 school and a 3-5 school. This option has been explored as part of the District's ongoing efforts to plan responsibly for current and future needs. To inform this decision, the District and School Board have hosted two community forums, two Board Work Sessions, two staff presentations (one for elementary certified staff and one for elementary classified staff) and gathered feedback from staff, families, and community members through surveys. The information and feedback collected through this process have been shared to support Board discussion and action.

ACTION REQUESTED:

Consider approval of the proposed reconfiguration of the North Bend School District's two elementary schools into a K-2 school (Hillcrest) and a 3-5 school (North Bay), effective beginning the 2026 -2027 school year.

MOTION REQUESTED:

"I move that the School Board approve the reconfiguration of the North Bend School District's two elementary schools, making Hillcrest a K-2 school and North Bay a 3-5 school. This change will be implemented beginning the 2026 - 2027 school year."
