Subject: Approve proposed waiver for remote homebound instruction.

Rationale: Currently for typical homebound instruction, we send a teacher to instruct homebound students at their homes. We will have at least a couple students in the near future who will have intermittent or extensive hospital and/or home health care. Providing remote instruction will allow the students to continue individualized, rigorous and relevant curriculum while continuing to be involved with their classmates and teachers. We are asking for the waiver to be effective through the 2018-2019 school year.

Attached is a copy of the waiver to be sent to Commissioner Morath explaining its purpose.

Recommendation: Approve 2013-2014 Application for State Accountability Waiver.
