2 or more races	*	73%			

\*Demographic does not have 10 students.

\*\*Current data is not on the Texas Academic Performance Report (TAPR)

# STUDENT GROUP TARGETS

# How does a student earn CCMR in Texas?

In Texas, CCMR stands for College, Career, and Military Readiness. CCMR points are awarded to school districts based on the percentage of graduates who meet certain criteria related to college, career, and military readiness.

To earn CCMR points, graduates must meet one or more of the following criteria:

1. Meet TSI criteria in ELA/reading and mathematics on assessments or complete college prep courses
2. Meet AP/IB criteria
3. Earn dual-course credits
4. Earn an approved industry-based certification
5. Earn an associate degree
6. Graduate with completed IEP and workforce readiness
7. Earn a Level I or Level II certificate
8. Complete an OnRamps dual-enrollment course
9. Graduate under an advanced diploma plan and be identified as a current special education student

The Texas Education Agency (TEA) awards CCMR points to school districts based on the percentage of graduates who meet these criteria. The points are used as a measure of a school district's success in preparing students for college, career, and military readiness.
