

**PROPOSAL**  
**OAKLAND ELEMENTARY SCHOOL**  
**Lake Villa, IL**

*North Shore Sign Company hereby proposes to refurbish the existing sign and RETROFIT with new face panels, LED illumination, and LED Message units as per North Shore drawings and all requirements noted herein. Cost below includes all labor, equipment and materials. Installation and hook-up will be done by North Shore crews, in a professional manner by trained and supervised personnel. Cost based on compliance with State of Illinois PREVAILING WAGE requirements.*

**DESCRIPTION/ SCOPE**

Existing sign to be brought to North Shore shop. Sign to be power steam cleaned and disassembled. Existing fluorescent illumination to be removed and disposed of by recycling.

Sign to be sanded and refinished w/ new Acrylic Polyurethane finish over acid-based wash primer w/ all surfaces sanded prior to painting for maximum adhesion. Sign to be retrofit w/ new Samsung brand WHITE LED's mounted to composite aluminum reflector panels. Upper portion of sign to be fitted w/ new, .177 thick LEXAN face panels w/ 3M brand translucent vinyl copy and graphics on first surface.

Lower portion of sign to be fitted w/ new Watchfire brand **10MM** FULL COLOR message units w/ 60 x 210 Matrix capable of up to 7-lines of 3" copy @ 42 characters per line recessed into sign. Units to be capable of full graphics. LEDs to have 150 degree horizontal and 95 degree vertical viewing angles. INCLUDES Ignite OP (PC-based) brand programming and operating software loaded onto customer computer at each school. Data transmission to be 4G WIRELESS w/ LIFE-OF-SIGN data plan.

Sign to be re-assembled and re-installed on existing pole and reconnected to existing electric. (120V 20AMP required)

**COST: \$29,455.00**

Above costs do not include any sales tax (assumes tax exempt) or permits required for installation. This proposal may be withdrawn if not accepted by separate contract within 30 days, and is subject to any terms or conditions agreed noted on formal contract.
