Objectives (One sentence, bulleted statements of the objectives of the programs or activity for which the report is written)

- Provide board members with knowledge of CTE programs across the district.
- Highlight legislative initiatives, growth, challenges, and Projects related to the CTE
- Provide required Perkins V Information

Operational Impact (Include facts and figures as to personnel needs, budget impact, facilities impact, and time frame, commitment(s) required from the District, etc. Report “bottom line” in this section.)

The district saw a large increase in the total number of earned certifications by students this school year. This is partly due to a change in Industry Based Certifications at the state level. An additional change in CTE coding of students that is in process will directly impact funding. Legislative impact for accountability will possibly decrease the certification numbers for CCMR in the future.

Results (A brief summary of what the program or activity for which the report is written can be expected to accomplish. Discuss the advantages *and* disadvantages of the proposal. Include in the report (but not in this summary) any evaluative data which may help illustrate program status or progress.)

Information in this report describes the progress and accomplishments to creating a strong Career and Technical Education Program that will benefit all students in Denton ISD. CTE continues to offer 52 Programs of Studies that are tied to high demand occupations and student interest. For more information about current Denton ISD Programs of Study and courses please find all current information here.
