It is the intent of the Legislature that the State Board of Education ensure that any instructional materials and technology purchased using funds disbursed from the State Instructional Materials and Technology Fund meet the requirements for certification under 47 U.S.C. Sections 254(h)(5)(B) and (C) to the extent the certification is applicable to those materials. (See S.B. No. 1, General Appropriations Act, Eighty-seventh Legislature)

Phonics Informational Questions

House Bill (HB) 3, 86th Texas Legislature, 2019, requires all Texas school districts provide phonics curriculum that uses systematic, direct instruction in kindergarten through third grade to ensure all students obtain necessary early-literacy skills. The commissioner of education is in the process of developing a recommended list of phonics programs in accordance with House Bill 3, 86th Texas Legislature, 2019, to ensure all students obtain necessary early literacy skills and that districts have access to phonics materials that include systematic direct instruction and integrated reading instruments. Phonics programs will undergo the Texas Resource Review process to determine inclusion on the commissioner's recommended list in accordance with 19 Texas Administrative Code §74.2001.

This section of the form is not evaluative and data will be used to help inform TEA on what additional resources or services are needed to support LEAs in providing students direct, systematic phonics instruction.
