Maintenance report 06.16.22

School is out and the maintenance request are growing. We are looking forward to the summer months and having the opportunity to see what we can accomplish. We are hoping for good weather so we can get a lot done on the exterior of the middle school building. We need to replace some bad siding, change out some gutters, paint the outside concrete entry way floors (front and Back) and repainting the school. We have 12 bags (1500 lbs each) of playground rubber to put in, replace any rotten railing on the breeze way between schools. The list goes on.

Bus and vehicle maintenance is a big priority for the summer to. We have new tires coming in for the school buses that have not been changed out since day one of thee purchases. We are also working on the maintenance shop so we can utilize it for maintaining our fleet.

If there are any questions regarding summer maintenance or maintenance in general, please don't hesitate to ask.

Daniel Nelson
Maintenance Director
