

SB 3 Implementation Planning

Work that has been completed so far:

- April 23, 2024 - Initial meeting to review requirements of SB 3
- May 29, 2024 - Reviewed preliminary course standards for Post Secondary Pathways (PSP) & Personal Finance (PF)
- Oct 7, 2024 - Mapped out standards and identified implementation plan for PSP & PF
- Jan 16, 2025 - Post-Secondary Pathways content creation
- April 23, 2025 - Finalized Post-Secondary Pathways scope & sequence

Work yet to do:

- Identification of the content for Personal Finance (Beginning Fall of 2025)
- Finalize implementation plan

Current Implementation Plan Options:

	Implement 2025-26 NO Waiver (Plan B)	Implications of Options	Implement 2026-27 With Waiver (Plan A)	Implications of Options
Postsecondary Pathways	Juniors (class of '27)		Juniors (class of '28)	
Implementation plan Option 1	<p>Rebuild Master Schedule:</p> <p>Repurpose FTE by eliminating 9th Grade Success Class (1 FTE / big HS) to facilitate 11th grade PSP course.</p>	<p>GHS: ~250 9th graders must be scheduled into other electives; SBHS:~ 40 9th graders must be scheduled into other electives</p> <p>SBHS & GHS:~ All 11th graders lose 0.5 credits that they forecasted to take and all 11 grade schedules would need to be adjusted.</p> <p>Significant staff, esp counseling and admin time, esp at GHS to reschedule.</p>	<p>Build into master schedule:</p> <p>Repurpose M98 funding to hire a teacher (1 / big HS; TBD STHS)</p>	<p>Provides time for repurposing existing positions</p> <p>Fits into forecasting schedule rotation</p> <p>Allows for consideration of using classified and licensed positions more strategically while working with bargaining groups.</p>

Implementation plan Option 2	Implement through junior Advisory using CANVAS with monitoring by College / Career Coordinators. Assistant Principal's will be the teachers of record.	Content pushed out through 11th grade advisory Grading is P/NP Concerns about quality of content delivery in this format, the ability to deliver this content effectively, and to track course completion. Building staff are not in support of this option	Build into master schedule; Repurpose M98 funding to hire a teacher (1 / big HS; TBD STHS)	Provides time for repurposing existing positions Fits into forecasting schedule rotation Allows for consideration of using classified and licensed positions more strategically while working with bargaining groups.
<i>CAL</i>	Students at CAL will earn their PSP credit though CAL	creates inconsistent experience of content for 11th graders	Students at CAL will earn their PSP credit though CAL	allows for time to align content/ curriculum
<i>AVID</i>	Students in AVID 11 will earn PSP credit through their AVID class	creates inconsistent experience of content for 11th graders	Students in AVID 11 will earn PSP credit through their AVID class	allows for time to align content/ curriculum

Personal Finance			Seniors (class of '27)	
Implementation plan			Build into master Schedule; Repurpose building FTE (1 / big HS; .5 / ST); converted content positions TBD.	Allows for current incoming juniors (class of 2027) to still access Personal Finance. Allows for consideration of anticipated vacancies as leverage to repurpose building FTE
