## **AK Smart Start 2020**

### **Recommended Health Screening for Students and Staff**

Ask these questions. Anyone who answers “yes” to one or more of these questions must not be permitted to enter the school or participate in a school sport or activity.

1. Within the last 14 days, have you been diagnosed with COVID-19 or had a positive test for the virus?
2. Do you live in the same household or have you had close contact in the last 14 days with someone who has been told they had COVID-19 or tested positive for COVID-19? Close contact counts if you have been within 6 feet for more than 10 minutes, or if someone from public health contacted you to let you know you are a contact.
  - a. Note: If a child or staff member lives with someone else who was named as a contact, it is okay for the child or staff member to go to school. We do not quarantine contacts of contacts.
3. Have you had any of these symptoms in the last 3 days?
  - a. Fever (defined as a temperature over 100.3F)
  - b. New cough
  - c. New trouble breathing or shortness of breath
  - d. Chills
  - e. Night sweats
  - f. Sore throat
  - g. Body aches
  - h. Muscle aches
  - i. Joint pain
  - j. Loss of taste or smell
  - k. Headache
  - l. Confusion
  - m. Vomiting
  - n. Diarrhea
  - o. Abdominal pain

**If a person answers YES to one or more questions, they should STAY HOME or go home immediately. Their next step is to get tested for COVID-19. They should call their doctor or other health care provider if they have questions or concerns. They should not go to their doctor’s office without calling first. If they have worsening difficulty breathing, chest pain, confusion, sleepiness or other severe problems, they should seek emergency care.**

**They do NOT need a doctor’s note to return to school. Instead, they should follow the RETURN TO SCHOOL pathway. A doctor’s note is only needed to allow someone back to school if they have NOT had COVID-19 and there is another reason that they had symptoms.**
